Wirral Outdoor Education Training

INSET Day Training: Facilitating staff training during the school year can pose challenges due to scheduling constraints. To address this, we offer an accredited Curriculum-Based Outdoor Learning (CBOL) course on INSET days, combining training and continuing professional development (CPD) efficiently.

Process Overview:

For each staff member enrolled in the accredited CBOL Level 2 course, another staff member can participate in the face-to-face element at no additional cost*.

Benefits for Your Setting:

- Avoid disrupting teaching schedules during term time.
 - Increase the number of staff proficient in outdoor learning.
 - Enhance the educational experience for all students through outdoor learning.
 - Foster a comprehensive school-wide commitment to outdoor education.
 - Prepare for integrating nature-based curricula effectively.
 - Enable staff to engage with a network of outdoor learning advocates.
 - Contribute to Wirral's Climate Emergency Action Plan.
- By participating in this initiative, your setting can harness the benefits of outdoor education while aligning with broader educational and environmental objectives.

*Minimum of 5 accredited paid learners to qualify for additional free CPD Sessions.

All staff must be able to attend the same session
Do you have more staff that would like to participate in the free session alongside the accredited learners? please get in touch to discuss, we may be able to accommodate.
